

What is 8 Arms Community Supported Bakery?

8 Arms Community Bakery is owned and operated by me, Jen Ownbey, in Olympia, WA. I strive to provide quality artisan baked goods made from local, natural and organic ingredients. Using a "community supported" model the bakery lover can buy into a share season for 8 weeks. Each week you get a box of baked goods to enjoy. This model allows you to build a relationship with the producer of your goods. Your money's paid up front which allows me to buy ingredients in bulk and avoid over production. This keeps prices affordable and the money you spend goes directly into the local economy. Each week's selections change, which allows you to try a variety of baked goods. 8 Arms offers traditional, vegan and gluten-free shares. Read on to see how you can become a member.
